

November 2020

*..from every nation, tribe, people, and tongue,  
standing before the throne, before the Lamb...*

Greetings family and friends,

What a privilege to be witnessing the transformed lives of people through the Word of God in their own language. These two teams came to Ukarumpa for 5 weeks from their remote island villages.

The Diodio team (left photo) worked with the Vargas family who are from Costa Rica. They completed a first draft of eight chapters of the Gospel of Mark and some literacy booklets. The New Britain team (photo below) worked with the Hwangs who

are from Korea. The final version of most epistles was checked by a consultant, and they are eager to complete Hebrews and Revelation sometime this next year. Then they will be ready to record and print their New Testament. There are many others on these teams in their respective home villages who also help in the whole process.

I enjoyed making food for some of their “coffee breaks” and spent time praying for them often through the weeks, and simply encouraging them through the long weeks away from home and families. I am so grateful for this privilege.

Kamono-Kafe “gems”:  
All the world hears about  
Covid, so all the world should  
hear about Jesus.

On a personal note, I have been told by our optometrist here that my right eye has a cataract that needs to be removed, and I cannot simply get stronger glasses at this point. It is not an urgent need, so I am exploring my options to have this done in PNG or in the U.S. Pray for me to make wise decisions. It would be several months before anything would be arranged at this point. I function well, using my glasses for distance. I am able to read and use the computer all right, though I have occasionally had headaches.

Giving thanks for all of you, my faithful family and friends, partners in this ministry together. May you have His perfect peace in all of life as you trust in our mighty God.

On the Rock, Marina
